No person shall be permitted in the ring at the time of judging, except the judge, ring steward, official photographer, and one groom per entry. Grooms should be properly attired with their exhibit. For safety reasons, one attendant should be on the seat with the driver in classes with three or more horses per hitch. Hitches may be made up of horses owned by one or more exhibitors. All hitch classes are open to Ladies or Men to drive.

An exhibitor may not use the same horses in the "mare" and "open" four and six horse hitch classes.

Hitches are judged on performance, driving, and conformation as noted below:

Performance: The animal's way of going; their manner of prompt springy and snappy action; the individual and collective responses of the animals to the driver's verbal and manual signals; the overall performance of the animals.

Driving: Ability of the driver; the ease with which they put the animals through their paces and their response. The working relationship between the driver and animals.

Conformation: The overall appearance of the hitch; matching of the animals in size, color and markings. Animals should be stylish, well muscled with clean bones and joints.
